● Actually, I really like the Vice-Captain.
Even though there's a limit to the pages and hence he appears rarely, every time he does appear, I will draw him extremely carefully and put in lots of effort.
Regardless of whether they're righteous knights or horrible infidels, as long as they selflessly sacrifice themselves for their superiors, these are the people who really attract me.

STORY

In the middle of the 16th century the central island of the Mediterranean Sea, Malta was viewed as a central location by the St John's Knights Organisation. Even those who were initially against her joining the organisation, were captured and subdued by her knightly spirit, and ended up warmly welcoming her. Aciel was then ordered by the Knights leader to become the 9th Branch Leader whereupon the 8 other branches all contributed an outstanding member who would join Aciel and form the new 9th Branch. The gathering of the different knights of different backgrounds and places of birth to form a new branch was thus solved. Daniel and the Italian branch were currently staking out Gozo island. When they met with the pirates of Dragut Reis. Upon hearing this news of the pirate attack, Aciel and the rest of them left immediately to provide support. On the other side, the strong and mighty Daniel was leading a one man assault which he knew was not going to succeed. even so he valiantly fought against innumerable pirates. but the fatigued Daniel was ultimately unable to defeat Dragut Reis and fell by his sword. what will be his ultimate fate...?

Hey, stop taking your time!
Vice Captain Daud!
The slave boats carrying the islanders are about to finish their preparation!
Thanks for your hard work
The winds are about to change

scene. 16
Angel and Demon 3

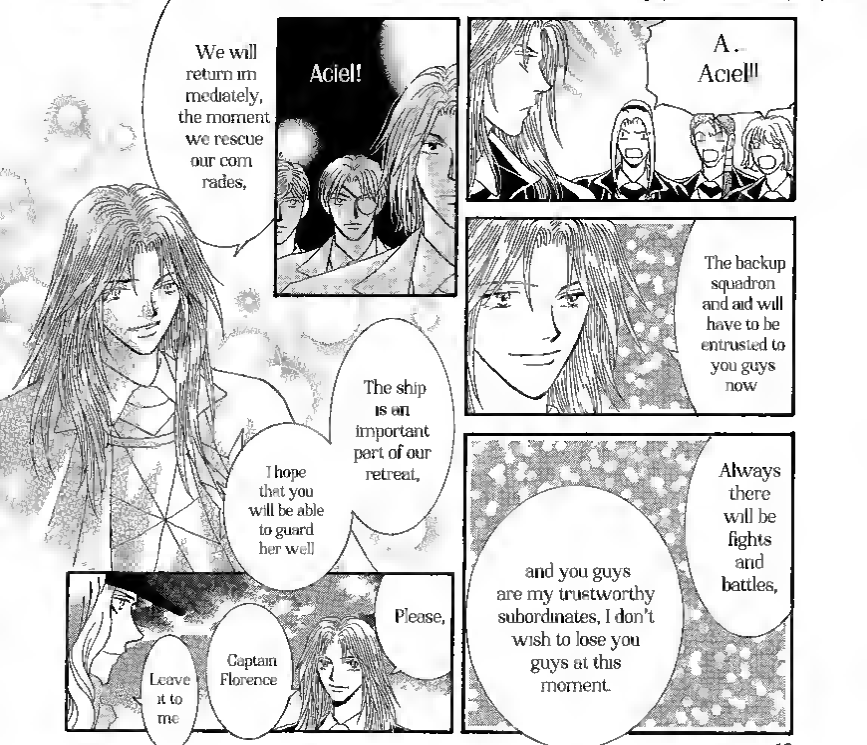
Were this many Gozo fishermen killed merely for the sake of proving some point?
How cruel
Due to this display of intimidation at the start, the majority of the population have now obediently followed orders
What a terrible way of doing things
But the number of enemies is simply overwhelming!
Even though his swordplay is better than these bunch of half-assed guys
Brother...
What a joke!
What...
they might be lying in ambush at different paths, so we have to be quiet, and not be discovered
I said earlier that our enemies far out number us by several times,
How, how cruel!
Buh, uh
Stop crying Louie Rene, we still need to fight after this!
If you cry until you can't open your eyes,
you might lose your life!
GULP

If we are to dilly-dally any further, my Brother might be killed by then!
What?!
If not why then did we rush all this way to Gozo Island to provide aid!?
wait wait
I will *not* be killed!
but before we reach Rabat, we cannot die!
I understand the way you feel,
But!
Hercules
I am unable to look after these guys!
!!

I must defi nitely
save my Brother and his companions
Regardless of how many enemies there are,
I'll kill one as I see one
I will
become a bloodthirsty demon!
If I see the lot of you lose your nerve in the face of the enemy,
or start talking about pro tection,
I will cut you down without the slightest hesitation!

If you don't want to be killed by me...
Get back onto the ship!
GULP
Captain Florence.

S...
Sure!
Can you bring these three back onto the ship?
Sorry.



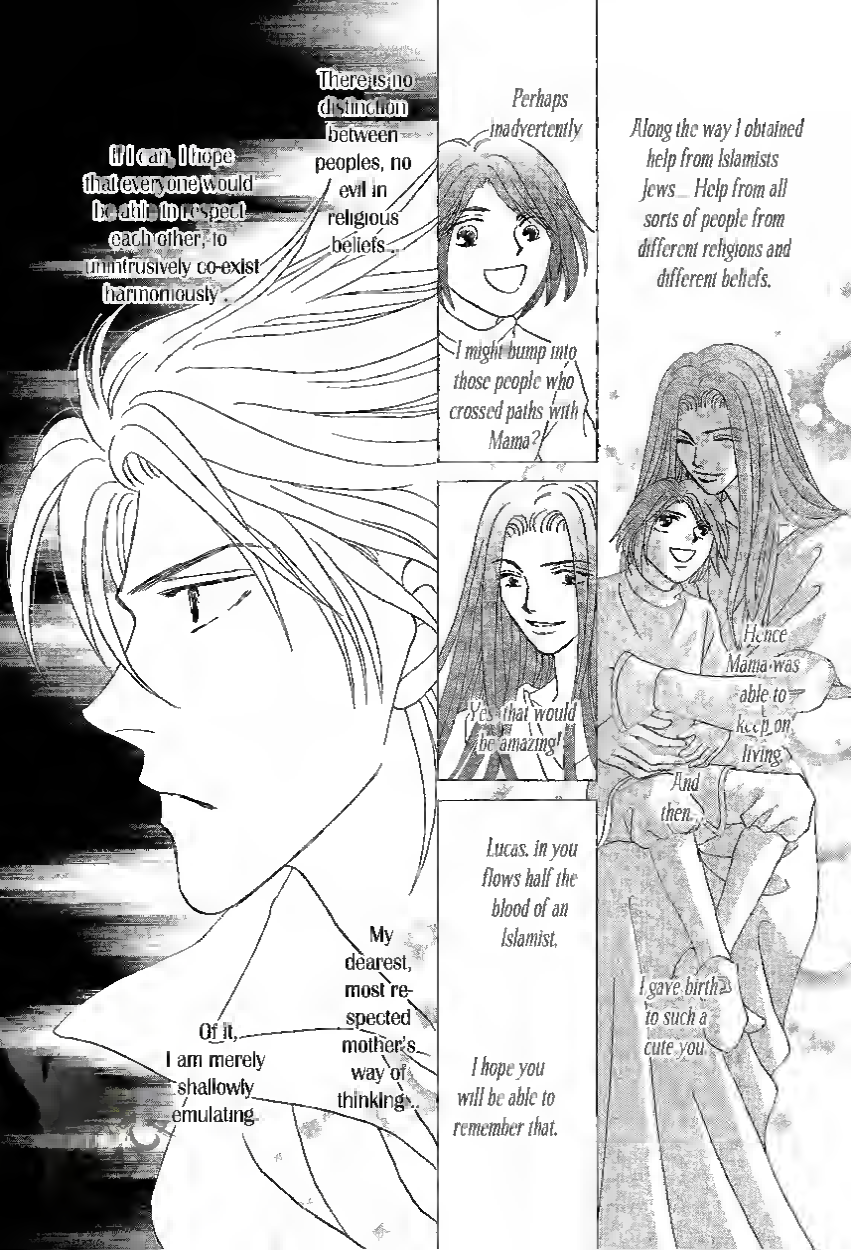
We will return immediately, the moment we rescue our comrades,
Ciel!
A.. Ciel!!
The backup squadron and aid will have to be entrusted to you guys now
The ship is an important part of our retreat,
I hope that you will be able to guard her well
Please,
Captain Florence
Leave it to me
Always there will be fights and battles,
and you guys are my trustworthy subordinates, I don't wish to lose you guys at this moment.

If we decide to retreat, I will let Ilias send the message to you
Please first bring the ship to the agreed escape route
Understood! I'll definitely do it!
Shall we leave?
I will refrain myself from becoming a stumbling block.
Please!
So don't cut me down!
Hey Lucas,
This will be one of my life's most dangerous battleground
And I don't
If you want to refrain from killing people like you usually do
Then,
You will also become an obstacle to us!
Stay behind!
Is this to be decided by you?
CRIEE
And,
I will use him to relay messages
Team Zica Credits: Kuu proofreaded in almost no time .. Shes a pro, you know! And our Mom! Thank you!!
Co Works XD good try Hercules

I will kill one after another...
Must we really fight seriously this time in order to survive?
If so,
in order to allow me to
live alongside you guys, my comrades.
After another one!
ruffles

Lucas
I must ensure that Ciel lives,
Even if I die,
Let's go!
Was all this because of
Ciel?
I'll really have to fight seriously!
PLEASE DO, KILLER CAPTAIN!
Then!
I'll take the front!
Louie Rene, Lorenzo, Sabour!
Take care!
When the time comes, please kill as many as possible.

Please survive and come back!
You can't die!
Acie-e-e-el!
An escaped.. slave?
Lucas
An escaped slave
Mama is
In order to escape my pursuers, I've been to many places.
KATHUM KATHUM
I want to become stronger!
I want to become stronger much stronger until I can go with them together upon the battlefield!
Louie Rene
It's really painful!
Eeh! Waahh!
I want to become a true comrade!



There is no distinction between peoples, no evil in religious beliefs...
If I can, I hope that everyone would be able to respect each other, to unintrusively co-exist harmoniously.
Perhaps inadvertently
I might bump into those people who crossed paths with Mama?
Along the way I obtained help from Islamists Jews... Help from all sorts of people from different religions and different beliefs.
Yes, that would be amazing!
Hence Mama was able to keep on living.
And then...
Lucas, in you flows half the blood of an Islamist.
I hope you will be able to remember that.
I gave birth to such a cute you.
My dearest, most respected mother's way of thinking...
Of it, I am merely shallowly emulating.

All that Mother went through when she was younger..
After that period full of bloodshed, that moment of enlightenment,
It's as valuable as pearls.
But for me..
Now..
All I can think of...
Is how to ensure my comrades..
And Aciel's continued survival.
In order to avoid killing him, I would have to avoid all battles.
I used to think that if the enemy before me was someone who had helped Mother,
Because I am a doctor, and I never envisioned that I would ever become a Knight...

No. There's no need.
Originally, he would've never left them alive.
How odd.
Let us retreat!
These two Knights who are at death's door.
Could they have somehow managed to leave him with a strong impression?
In recognition of these courageous warriors
Was that why he acted so cold on purpose?
I used to think that it was only natural to end my opponent's life.
Is this me being too benevolent?
Captain!
Vice-Captain!
Team Zica Credits: Yun post-typed. So fast and so accurate!. Plus she checked the texts! *hugs* Thanks you!

More St John's Knights have come ashore near Mgarr Bay!
Right now, we can confirm that there are five of them,
they've been aggressively killing our comrades and are moving at a frightening speed towards the city!
Are they back ups from Malta?
They have come much more quickly than I estimated
There might be a larger support force following after them,
since we've already finished packing the slaves in, we'd best quickly leave!
Captain

Five brave and talented Knights?
This is the perfect opportunity, let's kill them all!

Up until now, every beheading was done in one fell swoop on horseback.
There have been eighteen people so far
To cut down so many people, and not have the sword edge blunted,
that shows that his strength befits the situation and the angle at which it cuts
Even though we knew that he was strong from the start, I never thought...
Exactly, this is the first time that we're seeing Hercules' strength with our own eyes.

What sort of...
Sword technique would he use?
I see it!
Rabat's citadel!
Hercules...
in swordplay can be said to be even better than Lucas.
I've never seen anything like it
When he's serious, his sword-play...
How cruel...
Yet elegant and beautiful.
Is that the strength of Hercules' sword skills when he's being serious?
How strong!

Vice-Captain
how many soldiers do we have within the citadel?
The St John's Knights have already reached the bottom of the city!
Captain!
What... What do we do?

I wonder what sort of battle that would be?
that leaves us with about 300 people?

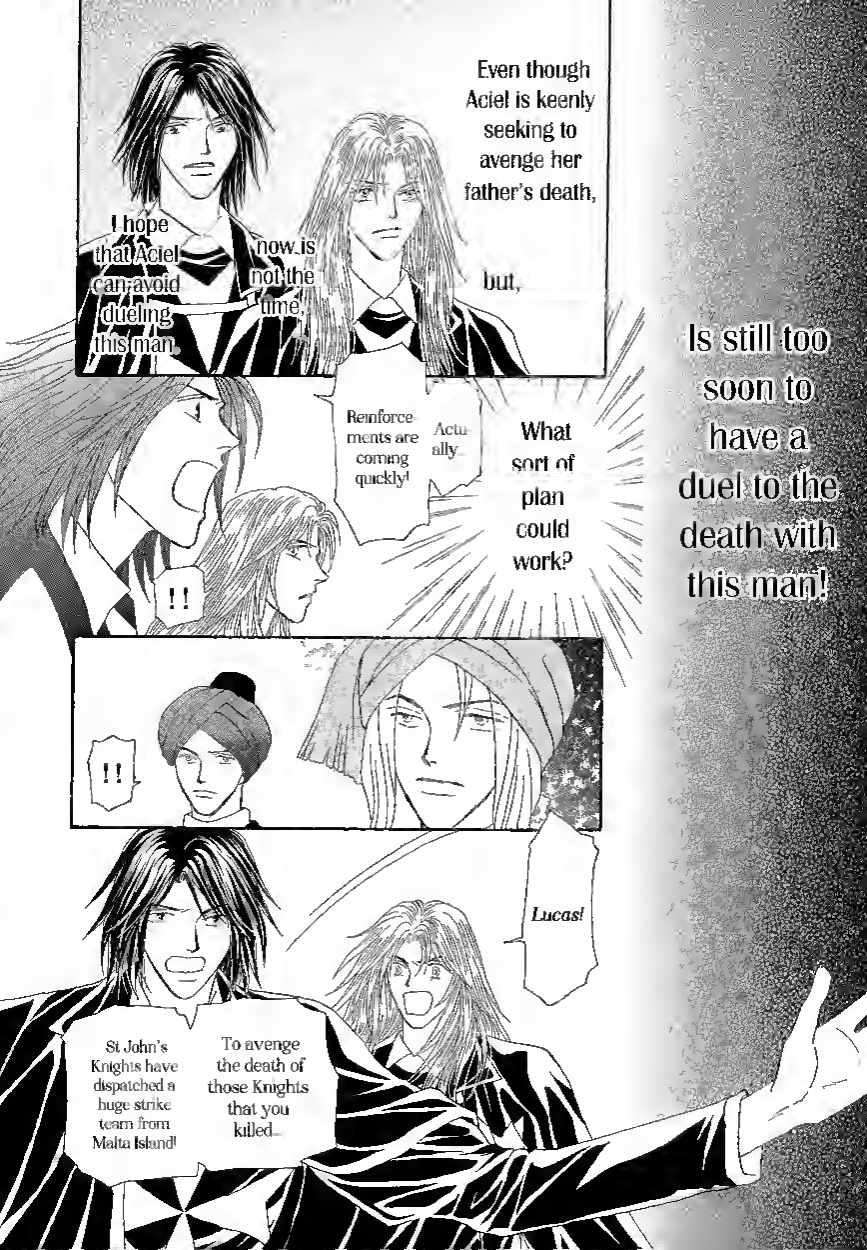
Ever since I knew of my Father's death,

That has been a full three years...

I only thought about the very moment that I would meet this man face to face.

And for every single day of those three years,

HEHE-
The last time that we met, that was in Genoa,
Both of you and I, we're fated aren't we?
The young pirate we met in Genoa...
So it turns out that he's Dragut Reis?
Even though I've only crossed swords with this guy once.
But he is one of the strongest opponents that I've ever met.
It's still too soon...



Even though Aciel is keenly seeking to avenge her father's death,
but,
I hope that Aciel can avoid dueling this man.
now is not the time.
Reinforcements are coming quickly!
Actually...
What sort of plan could work?
!!
!!
Lucas!
St John's Knights have dispatched a huge strike team from Malta Island!
To avenge the death of those Knights that you killed...
Is still too soon to have a duel to the death with this man!

How big of an effect would such a threat have on him?
You guys might not be able to win
Dragut Reis, regardless of how fiercely vicious of a pirate leader that you are, faced with such overwhelming military might
Maybe I could change the odds of this situation?
To quickly retreat would be ..!

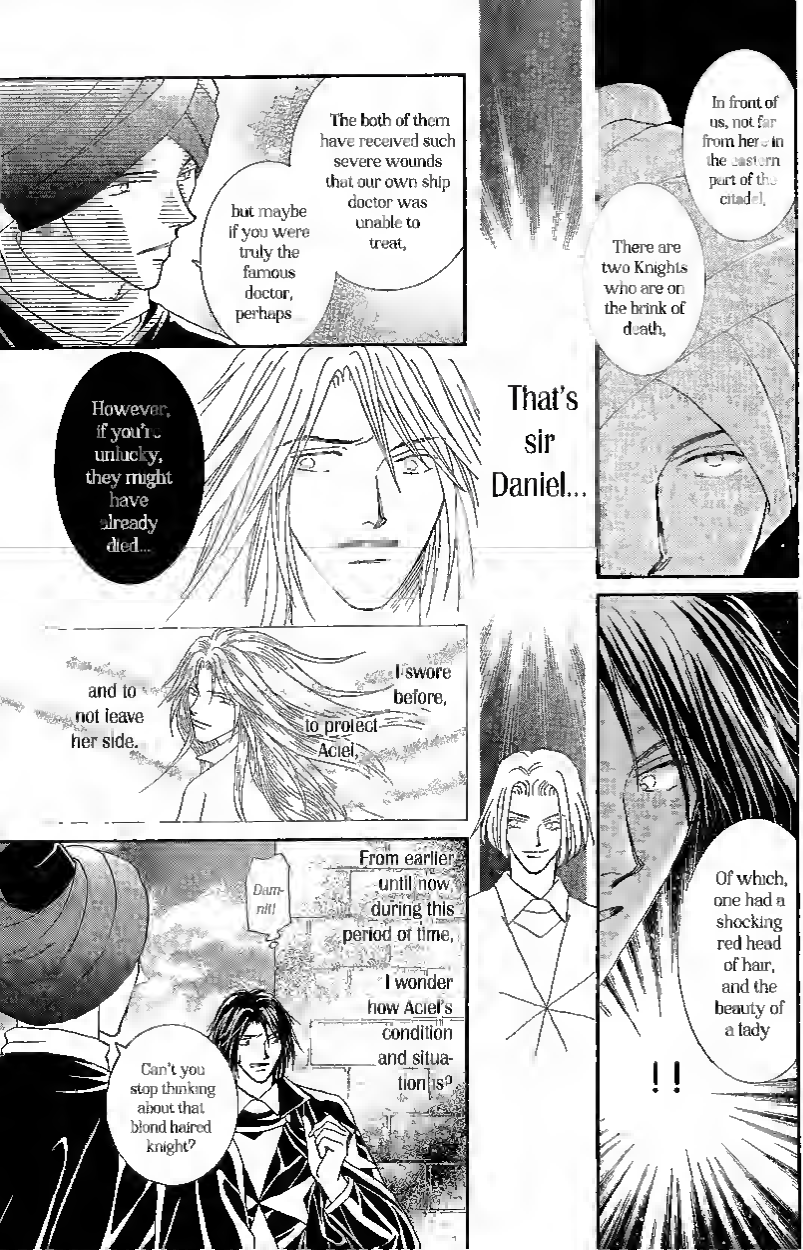
You aren't purely European, are you?
Is it the famous doctor which the Captain met in Genoa?
Ah, why don't you wait a little?
If you are not going to duel, I'm leaving!



In front of us, not far from here in the eastern part of the citadel,
There are two Knights who are on the brink of death,
That's sir Daniel...
The both of them have received such severe wounds that our own ship doctor was unable to treat,
but maybe if you were truly the famous doctor, perhaps
However, if you're unlucky, they might have already died...
I swore before, to protect Aciel,
and to not leave her side.

In order to become an excellent knight,

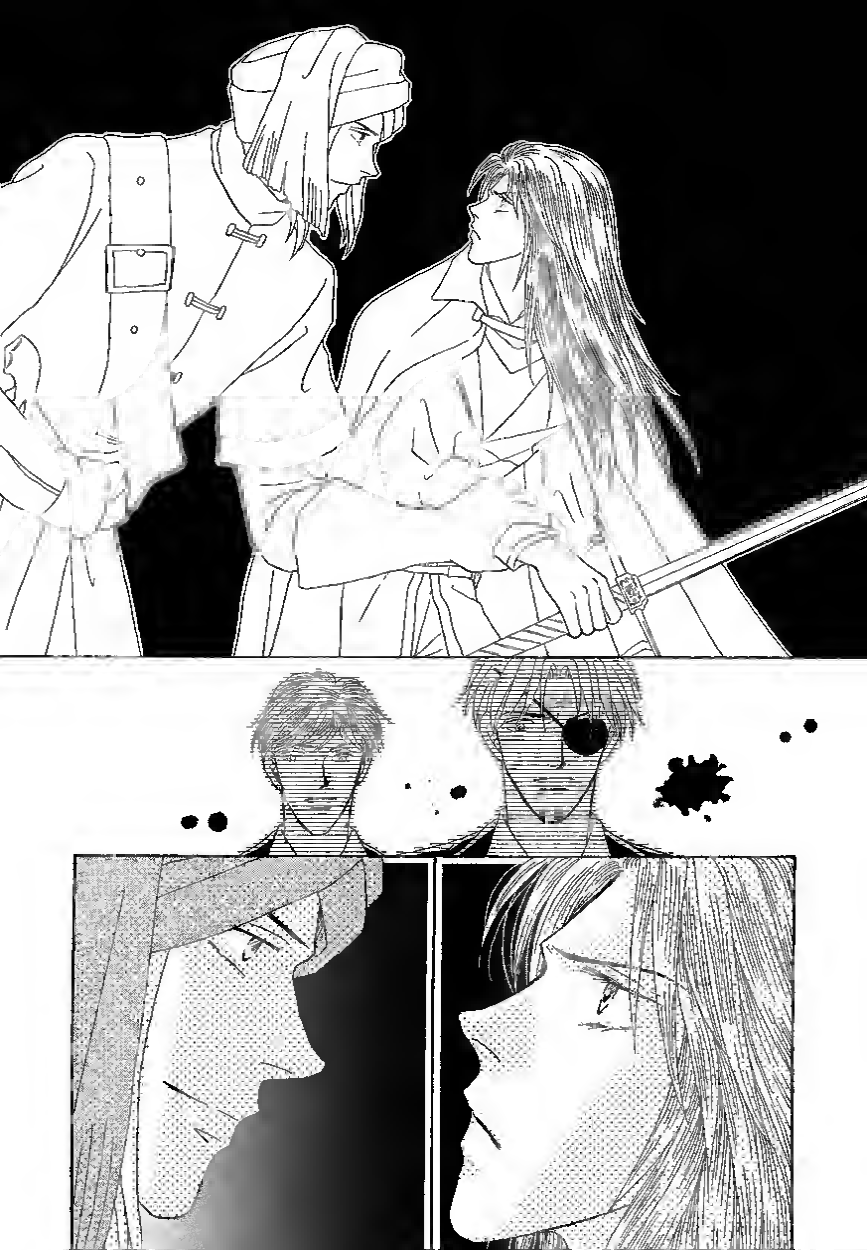
Excellent sword skills!
Shouldn't that be the third most important?
(a Note: Such wise eyes!)_(
It should be an unwavering, resolute and determined spirit!
Unwavering and resolute...

Regardless of how many difficult situations you encounter,
You must always maintain your undespairing and persistent spirit,
Do you understand, Aciel?
Regardless...
Of the many difficult situations...



This invitation to Turkey,
I accept it!
Dragut Reis...

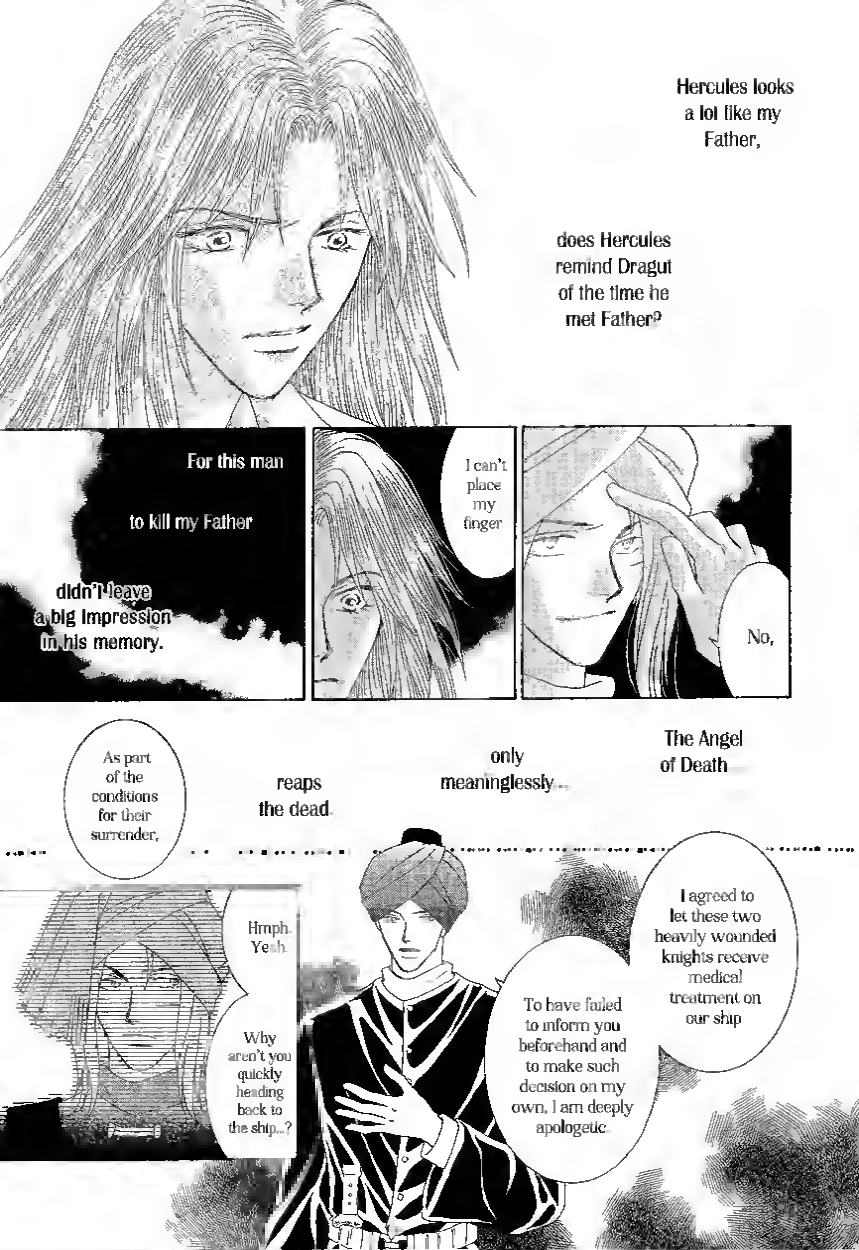
The fact that you didn't kill me today,
will be one which you will regret some-day.
scene. 18
Angel and Demon 5

Yet there is no fear or hesitation!
That's what I'm looking for!
Against such a cruel savage of a pirate
Waaa.. How strong!
What an interesting little Miss
RUSTLE
I look forward to
that day's dawning
Captain!
Some prisoners
We've caught...
!!

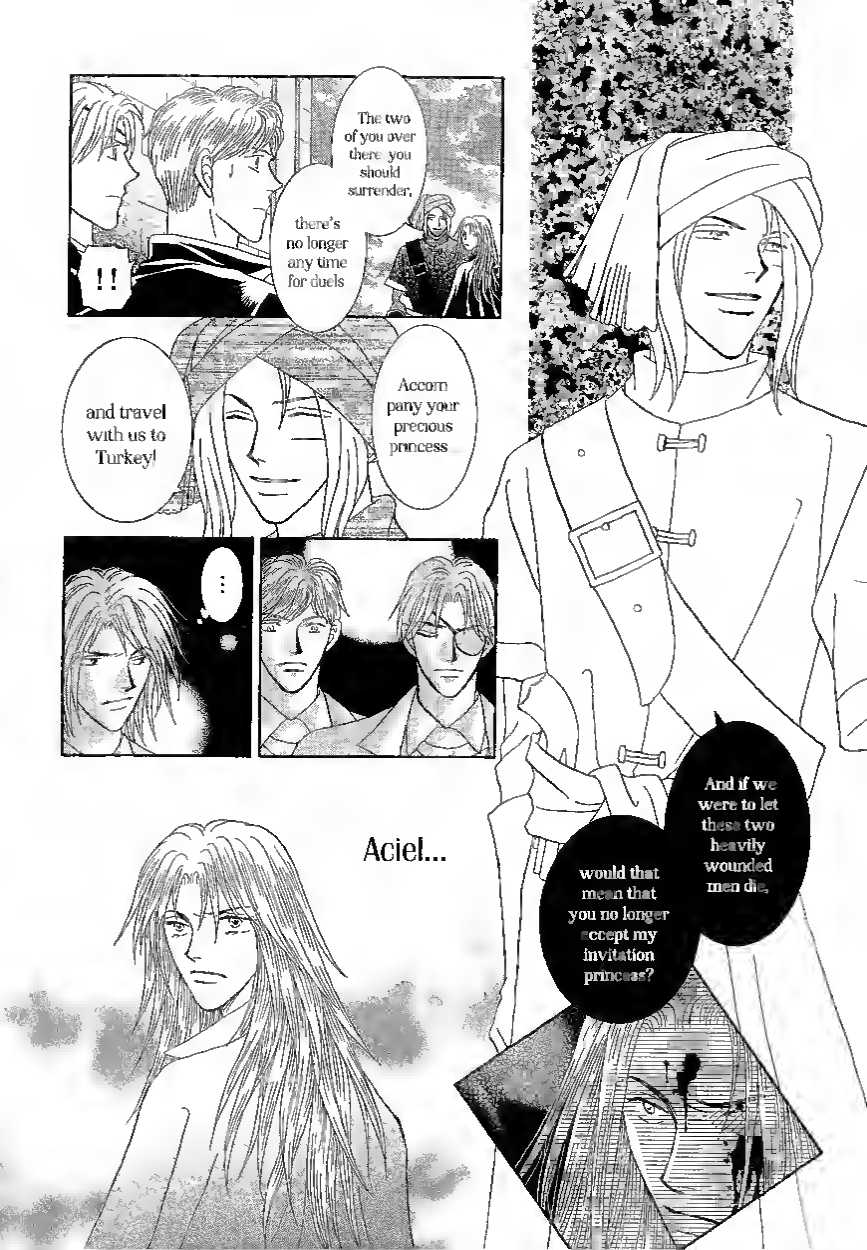
Her-
cules!
Lu-
cas!
!!
Whew...
Aciel's
fine...
Sorry
Aciel, the
situation
was dire,
so we
surrendered
ourselves as
prisoners...
Daniel and
the Italian
Branch's
Vice Captain
Cagliari...
Are
currently
at death's
door

Ah? Are they still alive?
!!
They're the two knights who were cut down by you, Captain
Yes, miraculously so
You are in deed,
an out standing doctor!
It's that doctor who attended to them.
You are the one –
Who wounded my Brother?
I will...
Definitely remember your face!

...
You and I..
Have we not met before somewhere?
What?
!!
A handful of straight silver with grey irises, in the uniform of the Knights' Organisation ..
I remember seeing you somewhere before



Hercules looks a lot like my Father,
does Hercules remind Dragut of the time he met Father?
For this man
to kill my Father
didn't leave a big impression in his memory.
I can't place my finger
No,
The Angel of Death
only meaninglessly...
reaps the dead.
As part of the conditions for their surrender,
I agreed to let these two heavily wounded knights receive medical treatment on our ship
To have failed to inform you beforehand and to make such decision on my own, I am deeply apologetic.
Why aren't you quickly heading back to the ship...?
Hmph. Yeah.



The two of you over there you should surrender.
there's no longer any time for duels
!!
Accom pany your precious princess
and travel with us to Turkey!
...
Aciel...
And if we were to let these two heavily wounded men die,
would that mean that you no longer accept my invitation princess?

Even that Hercules has suppressed his wilful hot-temperedness and rash, explosive nature
Is there...
Any other way?
There may be...
AK
CRE
Ilias!
!
With two hands tied at the back, it would be impossible for him to let Ilias carry a message to the others...
Indeed!
That's really courageous, to follow so tightly behind us!
But right now, we have to rescue sir Daniel and Cagliari at all cost
Hurry up!
I really hope...
That at the very least, Aciel will be able to get away
Get the injured onto the stretcher!
Team Zica Credits: Pixlx translated. You are getting us used to your great work. Thank you so much! <3

Right now, we're in an inescapable situation...
Lucas
We have to at least save sir Daniel and the rest of them,
RATTLE
RATTLE
RATTLE
all that we have done will not have been in vain
If we can save sir Daniel and the rest,
How ever
Even though we lost to Dragut this time.,
Even though I don't know what she's thinking right now,
Adiel did not finish
Befiing her life in the wish of avenging her Father,
But...
An unbelievable calm
I'll have to hand it over to you please
Even though it's difficult,
Adiel...

Our ideal knight,
Shines so brightly, with no loss of her original gleam.
Leave it to me!
Her eyes...
Were already perceiving the future.

RATTLE
RATTLE
RATTLE
Captain Florence!
Have we still not received any news from lady Aciel and the rest of them?

SWOOSH
Not yet
There has been no sight or sound of Ihas.
When one's luck is down, bad things happen one after another,
The wind's direction has changed as well,
For the back up rushing over from Malta, it's not a friendly wind
Like this, the back up will have to take a little more time before they can get here,
The five of you on shore .
The pirates have finished packing their trophies of war!

Don't try to act strong...
Quickly retreat and return!
Lady Ciel!
That is our main ship
We've reached

CRUNCH
I'd advise you guys to not engage in any useless struggle, that would be better for you.
Boarding that ship counts as entering Turkey.
Shit!
SHWIPP
If I could duel you once again,
I would definitely not lose!
Aciel
SHWIPP

Team Zica Credits- ***Kuu*** proofreaded. Thank you! Please take care and enjoy the vacations asap!

Counts as Turkey.
Yeah...
Just a little further ahead...
Raise the anchor!
Right!
Boarding complete!
Set off!
SFX: RUSTLING

WHISH
WHISH
WHISH
Cy Note
Go Ilias go! You're smarter than a lot of people!
WHISH
Only release the doctor's ropes.

Hurry!
The necessary medical equipment are there and you are free to use them as you wish
The two wounded have already been sent to the medical room
Vice Captain Daud,
I will have to ask you to watch over the safety of the other knights
I know,
I will take up this responsibility to protect them
How interesting!
St John's Knights huh?
What is up with that golden haired one? What a beauty!
You must wait there quietly, Okay?
Until I come back!
Why am I the only one who was pointed out?
I'm going!
Ciel!
Lucas, don't worry about us!
Hurry up and save both of them!

!!
BLOCKS
Despicable scum!
Stop staring!
BUHHAHHA!!
After having killed so many of our comrades,
Don't think that you'll be safe and sound on this ship
there's nothing you can do!
Your hands are tied behind your back, no matter how much you shout,
Heh!

No one is allowed to do anything to the prisoners!
Vice Captain Daud!
But
These guys killed our comrades!
We can't take that lying down!
Ah?
In that case
shall we loosen the prisoners' ropes?
KILL!
Kill them!
YEAH!
Kill!
It's fine if you guys wish to fight, then we should let everyone,
including these three prisoners, fight at close quarters, how about that?
You guys can do whatever you like, I won't stop you.

GRABS
!!
But, this one here is to be presented to Princess Miharimah,
as to the others, do as you like!
You bastard!
Hey!
Where are you taking Aciel to?
Aciel!
FREEZE
Hurry up! I want to kill all of you!
and cut you down to your utmost satisfaction!
Loosen my ropes quickly, I will do as you wish

GRHH!
QUICKLY RELEASE THEM! KILL, I WANT TO KILL, KILL, KILL!
Is that really what you want?
...
Hurry up and defend!
If you want to fight, then release the prisoners' bonds.
What now?
Wow
That guy really does resemble the devil!
Ship's - cargo - hold.
Bunch of cowards!
That's because you're too frightening, Hercules.
Why won't any of those idiots fight with me!
DAMN IT!
With our hands tied behind our backs if we were to be mobbed by men carrying weapons, even if it was you,
Hercules... you would probably die immediately, right?
Hey old man, are you out of your mind?
No... He's right.
if they wanted to, they could easily torture us to death
Honourable ?
But it's really unexpected
that Captain and Vice Captain are relatively honourable people!

My goodness!
RIGHT, THAT'S NOT GOOD!
That's why, I absolutely cannot quietly accept my fate and go to Turkey!
Aciel will be captured and forced into the harem!
That leaves us only one option..
It's impossible for them to leap into the sea with us
Even if we escape this ship, sir Daniel and Caglan are severely injured
That is...
To capture this ship!
Even though the conditions of our surrender lay in sir Daniel's receiving of medical treatment,
usually such arrangements would not be respected by pirates.
Indeed, Dr. gut Reis and his second in command are worthy to be called
High Ranking Officials of the Turkish Ottoman Empire
Our Team We're Hot and Sexy!

How?
Have you managed to save them?
KA-CHA
Vice Captain Daud
Even though we cannot let down our guard, but I think we can consider that the worst has finally passed?
The painkillers aboard this ship should be able to greatly lessen the strain on their bodies

At that time I could only first sew up sir Daniel's wounds and use the most basic and barbaric of methods of cauterising his wounds in order to stop Cagliari's bleeding
But those would have been insufficient, their physical injuries can hardly grasp the notion of recovery
If I had my medical bag that's usually with me
I could use ointments and initiate safe treatment
Don't say that, if it weren't for you, they would have died a long time ago,
your medical skills are most excellent.
The treatment afterwards, leave that to our ship's doctors to deal with!
Oh
You are also a prisoner, so it's a real pity,
I must still tie you up
SWISH
I noticed it earlier...
Hmm?
The ring that you wear on your right hand.
It is inlaid with Afghanistan's native gemstone.
you have Afghan blood in you am I right?
Ca Nathe I bet you the ring is the only world for NSA

My mother was originally from an Afghan Islamic wandering farming tribe,
this ring was hers, she gave it to me.
I see...
It's almost like some miracle..
I never would have thought...
That I would see a ring that could evoke so much nostalgia in this sort of place...
KER-CHAK
Let go of me!

!!
Stop playing around, Missy.
I just need to confirm something before we reach Turkey...
Are you really a woman?

It's back!
Ah ah!
Is it back?
OOH!! OH!!
What? No mes sage?!
What is going on?
WE DON'T KNOW WHAT THIS MEANS!
KWACK
KWACK
KWACK
How young

Team Zica Credits: **Ren** cleaned. And enjoyed it. That's the way it gotta be! Fast and good work. Thank you!

Why then...
Is there no message on the hawk's foot?
This...
Well there's a possibility that the worst has happened.
Surely it can't be that this rock came from Marsalforn Bay
It's such a beautifully white stone...
Listen up everybody, all hands on deck!
Every-one to your sta-tions!
In that case, Aciel and the rest of them must have escaped to that beach!
Let's go and quickly pick them up!

We will snatch Lady Aciel and the rest of them...
back from the hands of the Barbary pirates!
YEEAAH!!
CLACK

FLAP!

Excuse me!
Because Sokullu keeps harping on bringing back a "Female Knight",
I will have to confirm it myself

These breasts can only belong to a goddess herself!
Such a fair and gleaming cleavage...

Are you sure you won't have to ascertain my bottom half?
I would be even more tempted and would even want to make you cry!
For a strong willed, unrelenting woman such as you,
Even if it was me, I also have moments when I lose all rationality
As for that,

Team Zica Credits: ***Carola*** did a lot of work Again. Cleaned, pretyped, checked quality, loked for lost texts, for lost workers, later blackmailed, kidnapped and or slave drived them, prepared the release, planned new stuff – etc. And the a big part of that work, done at work FTW!

As thanks for that kiss, I'll temporarily release your bonds, princess
Well really...
Thank you so much!
SLAP!
SWISH!

I'll say this from the start, you have no right to refuse
Inside that wardrobe are clothes for you to choose from, give me a shout once you're done changing,
I will unlock the door from outside
I got slapped...
SLAM!
KERCHAK!
Then you would do well to heed my instructions
If you wish to ensure the safety of the others on the ship,
That fellow didn't kill me
only because I'm a woman.
That is truly
WHISH
the ultimate humiliation.

This...!
This really is too humiliating!
This is...?

I heard earlier that the Turkish princess wishes to meet Aciel, but after meeting her,
what would she want to do with Aciel?
Hmm?
Vice Captain Daud
According to the Turkish penal code, we are likely to be convicted, right?
Usually it would be a case of ransom, if not, it would mean an exchange for the Turkish prisoners aboard Malta Island...
But in Aciel's case...
Will they let her return?
As to that
I am not sure how those at the upper level think.
DOOM
If they really like her, who knows
they might not want to let her return.
Regardless...
We have to let Aciel escape before we reach Turkey.
would'nt be more helpful for us to jump into the sea?
MUMBLE
MUMBLE
LOOK THERE!
EXACTLY LIKE AN ANGEL!
How beautiful!

What a
Beautiful woman!
Ca Mom, where we got the makeup and the hairstyle? Dinyar has them too!
A...

Malta Island Night Guard's Diary (6)
On the third night of the prohibition order placed on the 9th Branch
AH, WHAT IS THIS?
As usual it happened to Auvergne Branch's Louis Rene
What's up?
If Aciel were to see this kind of thing it would be terrible!
Quick!
Quickly get rid of it!
Shouldn't everything have already been sent back?
Why is it here?!
Yes!
She would get hives again!
Whaat!
I'm extremely sorry!
I don't know why, this was the only piece which got forgotten!
LIFTS
Accurately speaking, it's the dress that Aciel's mother secretly stuffed into her luggage
This is...!
Aciel's dress?
?

Even though compared to my usual tastes, she's a bit thinner than usual
Indeed, Ariel has a beautifully balanced figure~
Chest 82, waist 52... right?
Ah!
Not bad, an Ariel dressed in a feminine dress.
Would indeed be more beautifully charming!
HERCULES' DREAM

We would really like to see, that's true...
You guys would also like to see right?
TURN
Hey! Hey!
Hercules, that's not possible...!
That's right!
Hercules doesn't know about Aciel's over sensitive views towards dresses!
WAAH!!
I'M GOING TO SEE ABOUT ASKING HER--!
Ah...!
WHOOSH

What in the world happened
Hercules' pained scream wasn't it?
What was that just now?
IT'S ALL HERCULES SENPAI'S FAULT~!!
It had absolutely nothing to do with us!
CAME RUNNING BACK~
What ..!
What shall I do ..!
Aciel, she ..!
PANT PANT
Is covered in boils!
Slightly calmer
Hey..
The beautiful Aciel developed boils
How terri-fy-ing..!
Buh hu hu!
You guys
DO YOU REALLY LIKE SUCH WOMAN LIKE DRESSES?

Then I'll be worn for you to see!
THANKFULLY... THE MEASUREMENTS DON'T FIT US...
Hercules Boyard is a real idiot!
It's a little tight
It really suits you!
Really likes girls ♡
Louis Rene, you are really cute!
After that night, there was a new rule that forbidden the appearance of women dresses in front of Ariel.
◊ Malta Island Night Guard's Diary (6)/END ◊

ACIEL
I tore the skirt.
Thus the skirt is too long!
If I win to this fellow,
WAH!!
Dragut!
DON'T JOKE AROUND LIKE THAT YOU WOMAN!
Then let me wear men's clothing!
SUPER!
AT HER BEST!!
Don't worry, Lucas
It was a standard body check
he only saw my chest.
I even asked him won't you look the lower half?
SHOCK!
He said he wouldn't be able to control himself so he rejected.
